THE COMET IN THE MORNING SKY.

Between May 1st and 18th the comet must be looked for in the early morning, just before sunrise. On the first date it will rise two and three quarters hours before the sun, and will be seen well up from the ground in the East in the Western edge of the constellation Pisces. Its head is toward the ground and its tail extends upward and toward the South—a bright and most interesting little object.

UNCLE SAM OUR GREATEST BUILDER

He Owns \$300,000,000 Worth of Property and Is His Own Insurance Company

The United States Government is the greatest builder in the country. It owns buildings worth more than \$300,000,000 and spends \$20,000,000 a year on new ones.

The Government carries no insurance on its property—that it, it acts as its own insurance company. It safeguards itself against loss by erecting buildings that won't burn. If it carried insurance the premiums would amount to \$600,000 a year; as it is, the yearly loss from fire is only \$10,000.

The Geological Survey has carried on elaborate tests of all sorts of materials and has determined which resist fire most successfully. As a consequence of these tests, in recent years the Government has made its large buildings safe from fire by the use of hollow terra cotta tile in floors, partitions and columns. This tile is the same kind that is used in the largest and newest "skyscrapers" in New York City.

The new Postoffice in Chicago is one of the most recent instances of this thorough fire-proof construction. Another is the War College in Washington. In the same way the Congressional Library, the Marine Barracks, the Corcoran Art Gallery, the Bureau of American Republics, the Pension Office and many other Government structures are made practically indestructible by fire. The Federal authorities are making it a policy, throughout the country, to protect the steel frames of public buildings with the burned clay fire-proofing material.

Have only one doctor—just one! No sense in running from one doctor to another! Select the best one, then stand by him. No sense in trying this thing, that thing, for your cough. Carefully, deliberately select the best cough medicine, then take it. Stick to it.

The entire membership of the First Baptist Church wish to thank Messrs. Brisbois & Diener for the handsome and sweet toned piano loaned during the Porter-Arnold meeting.

Mr. Richard Watkins has been promoted to the foremanship in the freight house at the C. and O. Depot. Mr. George L. Pattillo has taken Mr. Watkins' place in the baggage-room.

The contested election cases at Ashland have been decided by Judge Halbert in favor of the contestees, the Democrats. Mr. C. E. Horrocks, well known in this city, was one of the Republican contestants.

Former Circuit Judge W. C. Bell of Harrodsburg, an announced candidate on the Democratic ticket for Attorney General of Kentucky, was killed in a streetcar accident at Seattle. Mrs. Bell was also fatally hurt.

Cadet Chancelor Parker of State University, Lexington, who was one of the 300 students who were put through the sprout Thursday when undergoing inspection and drilling by special U. S. Army Officer, was at home Saturday and Sunday to enjoy a brief visit with his parents, Mr. and Mrs. John T. Parker.

The incontestable clause contained in a life insurance policy means what it says in the decision of the Appellate Court in the case of the Citizens' Life Insurance Company against William B. McClure & Co., affirming the judgment of the Fleming Circuit Court. McClure sued to collect a \$3,000 policy carried by his brother, W. B. McClure, who died shortly after the second premium on the policy had been paid, the policy containing a clause that it was incontestable after one year. The company alleged fraud in the securing of the policy.

PANAMA CANAL COMPLETED 1915

In a special message sent to Congress Saturday President Taft urges that the defenses of the Panama Canal be completed and ready for business on January 1st, 1915, on which date it is also proposed to open the Canal to navigation.

JOHN L. CALDWELL.
Mr. John L. Caldwell, whose illness has been noted in these columns, died Saturday morning at 9:15 o'clock at his home in East Second street, Sixth Ward, after a protracted illness, aged 82. He is survived by his wife.

His funeral took place this morning at 10:30 o'clock from his late home, with services by Dr. Henry M. Scudder of Carlisle and Rev. W. W. Akers of the Central Presbyterian Church.

SAMUEL B. STEVENS.
Mr. Samuel B. Stevens, aged 63, died Friday evening at 8 o'clock at his residence, No. 606 Monroe street, Newport, after a three months' illness.

He was a member of Bourbon Lodge, I. O. O. F., of Paris, Ky.
He is survived by his wife, nee Kate Harding of Aberdeen, and five children—Mrs. F. M. Rains and Charles Stevens of Norwood, Cincinnati, Mrs. H. D. Lyons, Lucy and W. G. Stevens.

Deceased was a brother of Mr. James Stevens of the East End and was formerly a resident of this city, where he had many friends.
Funeral from his late home this afternoon at 2 o'clock.

MATHEW O'CONNELL.
Mr. Mathew O'Connell died last night at 8:30 at his home on the Fleming pike, after a short illness, aged 47.

He is survived by his wife and child, also his parents, one sister and five brothers.

Funeral tomorrow morning at 9 o'clock from St. Patrick's Church, with services by Rev. P. M. Jones.

Interment in Washington Cemetery.

JESSE BLYTHE.

Jesse Blythe, the unfortunate man struck by a C. and O. freight below the city Friday night, detailed in Saturday's LEDGER, died from his injuries Saturday evening at Wilson Hospital, whither he had been taken for treatment. His remains were removed to the Undertaking rooms of Coughlin & Co., and his body prepared for burial, which will take place tomorrow at his home in Wrightsville, O.

Mrs. E. B. Carney of Wheeling, W. Va., arrived Friday to remain with her daughter, Mrs. C. R. Sheridan, during the enforced absence of the latter's husband.

PASSING OF THE MINT JULEP

At a meeting recently of the Louisville Literary Club of the Louisville Free Public Library, an address on "The Passing of the Mint Julep" was given by Colonel E. Polk Johnson. He treated the subject in a humorous manner and evoked peals of laughter frequently from his hearers. He compared the making of mint juleps in old days with the present time in favor of the time of long ago. The speaker said that the only place that people know how to make mint juleps is in Kentucky.

Colonel Johnson told of a time some years ago when he was in London, in an official capacity, that he was made to feel very much at home by the receipt of some of the "stuff from Kentucky," which mint juleps are made.

THE CIRCUS IS COMING
No Other Entertainment Quite Like It In the Affections of All the People

The modern, monster successful circus is distinctly an American institution. No other form of out door entertainment can replace it in the hold it has upon the affections of all of the people and this applies equally to the "city folk" as well as to the out of town people. It is also extremely doubtful if the public would permit many liberties in the way of radical changes in so time honored an institution as the circus. In this country the circus has reached its highest development and perfection. In England there are circuses, but time moves slowly there and the caravan still travels by wagon and the largest of them would look pitifully small in comparison with the American Show. In other countries they also have circuses but they all travel by wagon and are small affairs.

Circus people may be gypsies, but isn't there a touch of gypsy blood in all of us, and the outdoor life makes for clean, healthy, happy folk? The Greater Norris & Rowe Circus with its own two trains of 40 double-length cars and with its "thousand people and horses" will be the most interesting event when it appears here next Saturday, May 7th.

HER PHYSICIAN APPROVES

Taking Lydia E. Pinkham's Vegetable Compound

Sabbatus, Maine.—"You told me to take Lydia E. Pinkham's Vegetable Compound and Liver Pills before child-birth, and we are all surprised to see how much good it did. My physician said 'Without doubt it was the Compound that helped you.' I thank you for your kindness in advising me and give you full permission to use my name in your testimonials."—Mrs. H. W. MITCHELL, Box 8, Sabbatus, Me.
Another Woman Helped.
Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

Mr. Roosevelt may have crossed the Nile in triumph but his crossing the Rubicon will be of a somewhat different order.

Some of the "gemmen" must have got the saloons and the Conference mixed from the shape in which they returned home.

Out in Colorado they have birds that drive away the English sparrows, according to Dr. Aitkin, who spends much time there.

It looks like Mr. Roosevelt applied for a snub from the Pope right on the heels of the one that had been handed Mr. Fairbanks.

Eddie Fay would have to have had an immense correspondence to use up \$85,000 in stamps. But, as it turned out, Eddie got used up himself.

The present comet doesn't compare with the old time comets in size. The one we had in 1858 stretched nearly across the heavens and was claimed to be a presager of war.

HERE IS THE PROOF
That the best body-building and strengthening tonic for
Delicate Children
—is—
Vinol
"My 9 year old daughter was weak, pale, and had no appetite. I gave her Vinol, and she began to thrive at once. She gained rapidly in weight, color and strength."—Mrs. W. H. GILMORE, Durand, Mich.
"My two children, who were puny and ailing, rapidly gained flesh and strength when I began to give them Vinol. I proved that Vinol is a splendid tonic for delicate children."—Mrs. C. ALLEN, New Bedford, Mass.
Vinol builds up healthy flesh and makes thin little limbs round and plump. Children love to take it.
We return people's money without question if Vinol does not accomplish all we claim for it. Try it, please.

DEDICATION

**Of Kentucky's New Capitol June 2d,
to Be Written and Illustrated
by Editor Keller**

Carlisle Mercury.

The dedication of the new Capitol will very likely be held on June 2d. The speakers will be Senator W. O. Bradley, Governor Willson and former Governor Beckham. An extra large force will be put to work to complete the grounds for the dedication.

It is this connection we wish to say for the information of the Kentucky press that the editor of the Mercury has been engaged by the Western Newspaper Union to prepare an illustrated sketch of the exercises, together with a condensed account of the location of the seat of Government at Danville and Frankfort, history of former Capitols, and other matters connected therewith. As no limitations are placed on the order we hope to make the article of such value as every paper in Kentucky will want to use it.

LIKE OLD FRIENDS

The Longer You Know Them the Better You Like Them

Doan's Kidney Pills never fail you.

Maysville people know this. Read this Maysville case.

Read how Doan's stood the test for three years.

It's local testimony and can be investigated: William H. Paul, 333 East Third street, Maysville, Ky., says:

"For two years I had pains in my back and other troubles, caused by disordered kidneys. When Doan's Kidney Pills were brought to my attention I began their use and they soon gave me relief. I cheerfully recommend this remedy as one that lives up to the claims made for it."

The above statement was given on December 13th, 1904, and on February 6th, 1908, Mr. Paul added:

"My opinion of Doan's Kidney Pills has not changed since I first recommended them. My cure has been permanent and I am now in good health."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedy. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out, and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

CLOSING DOWN OF ONE OF MAYSVILLE LARGEST INDUSTRIES

The Maysville Cotton Mills, employing about one hundred and fifty hands, closed down Saturday for an indefinite period from six to nine months. The shut-down is caused primarily on account of scarcity and high price of raw cotton and unsettled condition in the textile market. It is fortunate that the lay-off of so many people comes as it does at a season of the year when outdoor work is more plentiful than in the winter season, and in consequence the hardship will not be so burdensome to bear.
